**On behalf of the Board of Trustees and our staff, I want to thank all of our donors and volunteers for giving us the tools we need to serve the children and families of our community. By all accounts, 2023 was a pivotal year for our Club and one filled with milestones that we could not have reached without your support, financial and otherwise.**

**These milestones included the completion of our third phase of renovations, doubling the size of our pre-school program, creating additional space for our pre-teen and teen members, significantly increasing the level of security throughout our entire facility and providing the healthiest environment possible through a complete HVAC upgrade.**

**Thanks to your support, we have strengthened our commitment to nurturing the skills and abilities of our team members. This enables us to offer opportunities for advancement within our organization, ensuring the delivery of high-quality programs in a safe setting.**

**There are more details to be found in the following report, indicating ongoing progress and upcoming developments in the coming months. We are looking forward to continued site improvements that will give all of our kids a state-of-the-art outside playscape, a patio area to enhance our member and visitor experience, and improvements to our gymnasium facility, which saw record community use in 2023. These initiatives, coupled with the introduction of a diverse range of weekend and evening programs in STEAM, Social Recreation, and Athletics, are just a few of the exciting things to anticipate in the upcoming year.**

**So, a heartfelt thank you to all of you! If you haven't been to our Club in the past few months, give us a call and we'll be proud to show you around!**

# DECLASSIFIED: RENOVATION REPORT

Construction on our new “Little Futures” Classrooms, game rooms, new teen rooms and program spaces officially finished in May 2023! When “Little Futures” Preschool opened in 2019, it occupied only one small room at the front of the building. As the need for this kind of care in our community became more and more apparent, the preschool expanded to fill a second room, but the need only grew in response! We required larger rooms to cater to more students, improved lighting, access to other areas of the building, and a space tailored to our children and their unique requirements.

Renovations on what is now two all-new classrooms, a new games room and an E-Sports Room began at the end of 2022, as the next step in a series of building renovations that began in 2020. These renovations would not be possible without the Block Grant funding from West Springfield Community Development and essential help from Caolo & Bieniek Associates, Inc., the members of our Building & Safety Committee, and support from the Irene & George A Davis Foundation. These rooms have been transformed into state-of-the-art classrooms for our members, from preschool to high school.

These spaces feature welcoming ceilings, freshly painted walls and fun floors, and are filled with natural and overhead light. The new “Little Futures” classrooms opened to students on Monday, May 22nd, and boast their own bathroom and field access. As part of these extensive renovations, the Club was also able to upgrade the HVAC system in the building, something that was sorely needed! The upgraded facilities are not only better at heating and cooling, but have a lower environmental impact as well as keeping the air cleaner and safer for our members and staff.

## **YOUTH OF THE YEAR IS AN ANNUAL COMPETITION HELD ON A NATIONAL LEVEL TO ALLOW CLUB YOUTH TO SHOWCASE THEIR INCREDIBLE DRIVE AND DEDICATION.**

In 2023, Alexis Delgado was chosen as West Springfield Boys & Girls Club's Youth of the Year. Our "YoY" committee was impressed by her poise, confidence, and leadership skills.

In 2023, Alexis was an Assistant Group Leader at the Club and a Senior at West Springfield High School. She continues to work as an Group Leader while majoring in child psychology at Bay Path university. Her experience at the Club is a big part of what drove her to choose child psychology as a career path. "Honestly," she said, "the kids made me choose what I wanted to do. I decided I wanted to keep working with kids."

### **WHAT DOES BEING "YOUTH OF THE YEAR" MEAN TO YOU?**

I didn't realize how much it meant -- to me, and to the Club -- until I was already in the process of filling out the application. It was so cool, a great experience, but also really nerve wracking. It was really fulfilling and rewarding also, especially when I realized how many of the kids were noticing me and looking up to me because of it. I'm so, so appreciative, not just for me, but for all of the youth who get access to this opportunity.

### **SO, ALEXUS, TELL US WHAT YOUR PLANS ARE FOR THE FUTURE? WHAT DO YOU SEE YOURSELF DOING NEXT?**

The Club has made such a big impact on me, educationally socially and professionally. I've made so many relationships with the kids and with the staff. I feel like this experience has made me more empathetic and compassionate, better at seeing other people's points of view. There are quite a few jobs I can do with a degree in Child Psychology, like a social worker, or a school counselor. So I haven't totally decided yet what I'm going to do in the future, I'm trying to focus on what I'm doing at the Club right now, and what I'm doing at school. But I know I want to work with kids, which isn't something I had ever really imagined for myself before my experience here at the Club.

"It is SO convenient to have an on-site after school program at the kindergarten. It's a life saver for working parents, especially having it as late as 5:30. We absolutely adore the Boys & Girls staff. I always know our daughter is safe and having a wonderful time. And to top it off, you have such awesome programs! Christmas "shopping" and bike raffles?! What a blessing during the holidays. We are so grateful for you all."

-Petra P., Parent of Maggie S.

"The West Springfield Boys & Girls Club has become a second family for my son. They welcome him each and every day both in the mornings and in the afternoons with a smile. He knows what to expect when he is there and that he is safe. Every child needs a place like West Springfield Boys & Girls Club."

-Lauren S., Parent of Lucas S.

"I am grateful for the BGC for many reasons. Staff has been absolutely amazing, I never knew they helped the community as much as they do. I'm a single parent and the transition from married to single was very hard. Christmas would have been heartbreaking for 2023 without the help you all gave! Thank you... from my whole heart. Not just a normal thank you, but that heart wrenching, emotion filled, eyes watering, thank you from my family to you and your family!"

-Keri R.

**"As parents, there are no words to describe the gratitude we have for a the safety, encouragement, and acceptance Dae experiences at the Club. He is such a social person, but is typically misunderstood or looked over. B&G staff and peers make him feel welcome, laugh with him, and have created a family away from home. THANK YOU!"**

**-Brooks G., Parent of Dae H..**

**"Our son was slated to start kindergarten in the year of COVID when everything was shut down and remote. We were so fortunate that our son was able to participate in an on-site program that year that allowed him to be with other kids and have educational professionals there supporting him. As an only child, we really worried about what being away from the social aspect would do and are incredibly grateful for the opportunity to have been able to offer him some semblance of schooling that first year."**

**-Lauren S., Parent of Lucas S.**

**"The Club gives families resources and opportunities they might not be able to have without the funding from donors. The Boys & Girls Club has been a support system for myself and my child. They have provided us with a safe space to bring our child where they thrive. We all know raising a child takes a village and the West Springfield Boys & Girls Club is part of mine."**

# BREAKING NEWS: NEW TEEN PROGRAM

October 16, 2023

For Immediate Release

On October 16th, 2023, the West Springfield Boys & Girls Club launched a brand-new program that provides a space where 6th-8th graders can learn new skills, play sports, and participate in a community space designed especially for them. For a membership fee of only \$25, members of our "Middle School Drop-In Program" gain access to the building and a rotating schedule of activities between 5:30 and 7 PM each weekday throughout the entire school year.

This initiative provides an inclusive space for all young people, regardless of their financial situation, featuring activities aimed at supporting and preparing this vital age group for the future. Contrary to our usual After School programs, the "Middle School Drop-In Program" runs later into the evening, allowing members to personalize their experiences. Participants in this program are encouraged to take ownership of the space, create a community with their peers, and choose their interests from a variety of available programming.

On Mondays, members choose between sports in the gym or "Art with Amanda," where they can learn drawing, painting and jewelry-making techniques. Tuesdays offer an opportunity for "Pizza with a Professional," where interested members meet with mentors from a variety of different careers and industries.

**REMINDER: ORDER PIZZA FOR "PIZZA WITH PROFESSIONALS"**

Also on Tuesdays are our Comcast Tech Lab programs, where participants can use 3D printers, learn programming skills, and more! Wednesdays offer classes on American Sign Language as well as a members-only open gym night, while on Thursdays members can practice their E-Sports skills or play Dungeons & Dragons!

**TOP  
PERFORMING  
AGENTS**

**This year, we're recognizing bankESB as one of our top "Agents of Charity" for 2023! bankESB has been a Season Ticketholder since the program started in 2021, and in 2023 contributed over \$5,000 to our fundraisers and programs. Their support has helped provide scholarships and financial aid for Club families, and made our life-changing programs possible.**

**Mike Oleksak, bankESB's VP of Commercial Lending and Vice-Chair of our Club's board, has this to say about the bank's support of our organization: "bankESB salutes the West Springfield Boys & Girls Club for enriching the lives of kids across our region and for unlocking their full potential for a brighter future. Our bank has been a proud supporter, donating more than \$20,000 in the last five years alone, because we consider it an investment in our kids' futures to help make them more confident, caring, and contributing adults. Thank you, West Springfield Boys & Girls Club, for all that you do to make that happen!"**

**HUB International is another distinguished "Agent of Charity" that we are delighted to acknowledge. Through their support as a Season Ticketholder for our Golf "Fore" Our Kids Tournament, Flutes & Flavors fundraiser, and the Holiday Tour of Homes, these remarkable events have elevated our programs to new heights.**

**Spokesperson Timm Marini said this about HUB's support of the Club over the last four years: "We love to give back to communities where we live, work, and play. *HUB Gives* encourages financial gifting as well as volunteerism."**

**For the past five years, Adam and Jenn Southworth of Titan Tree Inc. have donated bikes & scooters to Club kids each winter holiday season. They spend months ordering all the parts, and host a “Build Party” with their friends and family to assemble them. Since 2019, a combination of 250 bikes and scooters have been provided to children, and our heartfelt appreciation goes out to Adam, Jenn, their family & friends, and the staff at Titan Tree Inc.**

**“Titan Tree is proud to support our local Boys & Girls Club in order to help prosper our community and grow with them in building lifelong connections. We are honored to help with our annual Bike Donation- helping to get kids outside and active. It has been a pleasure to work with Sarah to facilitate these donations and we look forward to many more years supporting the Boys & Girls Club of West Springfield.” - Adam & Jenn Southworth**

**The last standout individual we want to acknowledge as a “Top Agent of Charity” is Jeff Masotti, the Owner of Rockstar Cinema Productions. Jeff has been instrumental in supporting our events and marketing initiatives by generously providing photography and videography services. Particularly, our “Family Movie Nights” held in April, October, and December were made successful thanks to Jeff’s contribution of a blow-up movie projector screen and his proficiency in operating it.**

**When asked for a quote, Jeff stated “As a small business and entrepreneur my goal is to use my God given gifts and abilities to help and elevate those around me that could benefit from our creative services.”**
